

liability investigations + analysis

H2M's team of Forensic Engineers are fully aware of the challenges that our clients face daily. We are ready to assist with your investigation so that you can make timely and informed decisions regarding your case.

H2M is a full-service consulting and design firm offering the expertise of more than 400 architects, engineers (Water Supply, Civil/Site, Structural, MEP, Wastewater, and Environmental), planners, designers, inspectors, surveyors, and scientists. Since 1933, H2M has served an array of clients in the Northeast and Mid-Atlantic; with a coverage area today serviced by eight offices.

H2M's expertise includes:

- Cause and Origin Investigations (residential and commercial)
- Water Damage Liability (pipe bursts/analysis)
- Premises Liability (slip/trip and falls; sidewalks/trip hazards; review of codes/measurements/lighting)
- Product Liability
- Professional Liability
- Fire and Explosion Investigation (origin and cause)
- Environmental Liability
- Construction Defect
- Construction Site Safety
- Property Damage Estimates / Desk Reviews
- Surveying / Property Lines
- Indoor Air Quality / Industrial Hygiene
